Section VI: Summary of Municipal Storm Water Program Activities

Describe the programs or activities the municipality is doing or will do to comply with the requirements of the MS4 general permit. Attach additional pages if necessary.

A. Public Education and Outreach

Describe the public education and outreach program activities that the municipality will implement to comply with section 2.1 of the MS4 general permit.

The Village of Sturtevant will develop and implement a public education program to increase the awareness and encourage the need for reduction of pollutants in the stormwater. This may be accomplished by posting information on the Village we-site, open meetings and articles in the quarterly news letter. Measurable goals would be:

- 1). Get feedback from the public meetings
- 2). Publish articles on the Village website and in the news letter.

B. Public Involvement and Participation

Describe the public involvement and participation program activities that the municipality will promote to comply with section 2.2 of the MS4 general permit.

The Village of Sturtevant will develop and continually expand a Public Participation and Informational Program on the requirements of the Stormwater Discharge Permit. This could be accomplished by:

- 1). Providing better and up to date information to the Public
- 2). Documenting and properly filing Citizen feedback

C. Illicit Discharge Detection & Elimination

Describe the illicit discharge detection and elimination program authority and activities that the municipality will develop and implement to comply with section 2.3 of the MS4 general permit.

The Village of Sturtevant will develop Illicit Discharge Ordinances and Procedure Protocols. Goals would be:

- 1). Conduct and document dry weather field screenings of outfalls
- 2). Develop a monitoring program.
- 3). Document, properly file and respond to Illicit Discharges.

D. Construction Site Pollution Control

Describe the construction site pollutant control program authority and activities that the municipality will develop and implement to comply with section 2.4 of the MS4 general permit.

The Village of Sturtevant will review and update or create any Ordinances relating to Construction Site Stormwater Pollution. Goals would be:

- 1). Continue to review and update Ordinances as needed to meet Permit requirements
- 2). Issue permits for approved erosion/sediment control plans
- 3). Inspect construction sites on a regular basis to assure permit requirements are being met
- 4). Ensure that all construction sites have an approved erosion/sediment permit

E. Post-Construction Site Storm Water Management

Describe the post-construction storm water management program authority and activities that the municipality will develop and implement to comply with section 2.5 of the MS4 general permit.

The Village of Sturtevant will review, update or create Ordinances to control Post-Construction site Stormwater management. Goals would include:

- 1) Issue permits for approved procedures.
- 2) Inspect sites to ensure procedures are followed and permit requirements are being followed.
- 3) Update ordinances as needed to meet Permit requirements.

F. Pollution Prevention

Describe the pollution prevention program activities that the municipality will implement to comply with section 2.6 of the MS4 general permit.

The Village of Sturtevant will develop and implement a Pollution Prevention Program for maintenance of Stormwater facilities. The program would include procedures for maintenance, inspection and documentation of Village facilities. The program would also include training and updated information to Village employees on the prevention of polluting stormwaters. Goals would be:

- 1). Accurate documentation of procedures[i.e. street sweeping, catch basin/manhole inspection and cleaning, etc.]
- 2). Development of schedules for inspections and cleaning of the stormwater system
- 3). Accurate and up-to-date filing of information.

4) The Prevention of Storm Water Pollution.
